"Who Is This God"

All the way down, all the way down to where I fell
I stare at the ground, blood that I have spilled
But just to feed me you bend
All the way down, all the way down to where I fell
Who is this God that loves me still?
This love that keeps me safe when I run
Safe when I'm young and foolish
Out of the dark, out of the dark that hides my face
I'm coming apart when you say my name
With ties of love you lead me out of the dark

Out of the dark that hides my face
Who is this God that loves me still?
This love that heals me when I am bound
When I am found and humble
With love you lead me
You bend to feed me
Taught me to walk
Was you all along
Who is this God that loves me still?
This love that finds me when I am lost
Although it cost you everything
