She didn't bed at night
As I pack my bags to leave
I thought she would start to cry
Or sit around my own grief

But you're the girl she fooled this time
She acted like I was the last thing on her mind
Now I would like to start over again
Baby can I change my mind?

As I took one step
Towards the open door
You know another time
Or that I just didn't wanna go

But she didn't give me no sign
Nothing would make me change my mind
Now I would like to start over again
Baby can I change my mind?

Oh I played my keeps
Many times before
But people let me tell you
Although I never reached the door

Who will the howl [?] tonight
I keep looking back
But my baby's not inside

So I would like to start over again
Baby can I change my mind?
I just wanna change my mind
Baby can I change my mind?
I just wanna change
I just wanna change
Oh oh oh oh
