He so versatile, I swear he kill anybody song  
And I got them choppers that will be popping at ya  
collarbone  
I'm such a street nigga, I'm in love with the pavement  
Addicted to drama, so even mama couldn't raise me  
This is for them niggas trying to say that I fell off  
You in a dead zone and I'm about to take your head off  
Sipping on that lean, about to pour up another cup  
And my blunt just like an Oreo 'cause I keep it double  
stuffed  
Fuck with me, I'm zooted, yeah I'm gone up off that  
Kryptonite  
Any nigga jump stupid will just have to die tonight  
Fuck with me, I'm blowing up, spit verses like I'm  
throwing up  
And my racks getting taller, guess my money growing  
up  
Johnny Depp swag, I can buy and sell you twice  
I'll rap on anybody song if you got the right price  
Getting new money, taking your money  
2013, watch me make more money  
Shitting on your pride, I be pissing on your ego  
I be balling on these niggas like my name was Tim  
Tebow  
Riding around and I'm getting it, riding around, I'm  
shitting  
Riding around my city, all my real niggas is with me  
Yeah it's Jay F. Tae, and the F is for Fire  
Because killing instrumentals is my only desire  
Want me on your track, then I'ma hit that bitch with  
kapow  
In case you haven't been paying attention, the game  
belongs to me now bitch
