[Intro]

Fuck this pussy boy, fuck it!
Fuck it right boy!
(you know I love it when you)
Fuck it, fuck it right boy

[Hook]

Do my dance on your dick, Ooh you know you love this
shit [x4]
Do my dance on your chick, Ooh you know she love the
dick [x4]

(Verse 1)

I'm going at your face like a make-up kit
And my bars stay harder than a break up bitch
Bad yellow-bone and that pussy sweeter than a coffee
cake
I add my white to her yellow, what is that, frosted
flakes
Riding in the Phantom spraying cum by the bucket
She a pro, she a freak, she ain't doing no ducking
But, when we in my room we do a lot of motherfucking
And then when we 69, she give me brain like a
concussion
These bitches digging me like some cemetery work
I want to test that pussy out just to see if it will squirt
J Lethal, Lil Jay, pop that pussy for a goon hoe
I get deep up in that pussy, give it that Tsunami,
typhoon flow

[Hook]

Do my dance on your dick, Ooh you know you love this
shit [x4]
Do my dance on your chick, Ooh you know she love the
dick [x4]

(Verse 2)

I do my dance on your chick, she do her dance on my
dick
When she sick she say that my dick be the remedy

I'm killing that pussy, somebody need to sentence me
Your girl give me neck, just like a giraffe
Two girls plus me, that's a MÃ©nage Ã trois, you need
to do the Math
Bands a make her dance, Lethal will make her cum
Short yellow bus flow, I go deaf retarded stupid dumb
Rolling on a pill, she get that morning after dick
And after I fuck I be gone, I'm on some Casper type shit
Leaning in that pussy 'cause I'm gone up off that
Promethazine
I'm trying to make a porno, get on your knees and we
can shoot a scene
You niggas need to stop it, you are so not in my range
I'm the president, I run thangs, all these hoes trying to
save my cum stains

[Hook]

Do my dance on your dick, Ooh you know you love this
shit [x4]

Do my dance on your chick, Ooh you know she love the
dick [x4]

(Verse 3)

I go in once again, no time for an intermission
If I had one wish I would wish I was in that pussy but no
time for well wishing
'Cause that pussy, I'm already in it
And I'ma keep you cumming from the start to the finish
He so versatile I swear he kill anybody song
Put that pussy in my face, it put me right where I belong
I'm cashed up, I cash out, got your bitch, nigga, she
ass out
I smoke a blunt and hit it from the back until I pass out

[Hook]

Do my dance on your dick, Ooh you know you love this
shit [x4]

Do my dance on your chick, Ooh you know she love the
dick [x4]
