(Verse 1)

Niggas fronting while I'm stunting so I kick it up a notch  
I'm the shit, piss nigga, you a paint stain blotch  
And these rappers get served up like chicken teriyaki  
I go crazy, introduce 'em to the yakazumakami  
Like I said before, I get high, I para-sail  
And that's not fear, that's pussy I smell  
Niggas spreading rumors, so I guess they trying to slay  
me  
And I told you if you want a verse then you niggas gotta  
pay me  
I go in full time while I'm putting in that slight work  
I bring pain with my bars and make the fucking mic hurt  
Bitch I'm so sick I spit embalming fluid  
Got my goons right beside me like some mindless  
druids  
You can ask your girlfriend, I'm a hell of a guy  
Because I tear the pussy up before I nut in her eye  
I am not a superhero, but you know I stay fly  
I'm the shit, you don't like it, you can lay down and die  
Polish the pistol, prepare for battle, pass the pump  
When I get to popping, niggas is dropping and they  
done  
Bitch I'm talking crazy, psycho schizophrenic  
Like the panties on ya girl, bitch you know I stay up in it  
I am the shit, you are just benign  
I am not a human being, we are not the same kind  
I kick it out the park like a nigga playing soccer  
When that chopper hit ya face, boy ya gonna need a  
doctor  
I am colder than degrees below zero  
Got no time for bullshit 'cause I'm stacking up dinero's  
One more time, for the one time  
'Cause I'm killing all these rappers with exquisite new  
rhymes  
Bitches follow me and I don't need a hash tag  
Put that gun to ya head, now show me where the stash  
at  
Show me where the cash at, red dot on your head  
Now you know where I'ma fucking blast at

Putting in that work, yeah I'm trying to see a double  
And I'm still running shit, so I hate to burst your bubble  
You can't fuck with me 'cause I'm in my own lane  
And if you want drama bitch I want the same thang  
'Cause all my niggas got banana clips like orangutans

(Verse 2)

Fuck you mean, I be going in  
I'm about to tear it up but first where do I begin  
I'm a crazy type of nigga that be sipping on that lean  
I feel like taking on the world after I pop a couple beans  
I'm a beast, I'm a ghoul, I'm a motherfucking scoundrel  
I put yo ass to sleep, fucking right I nightgown you  
So sick with the flow, but I don't think they get it  
I'm on top like a lid, now tell me do you get it  
If that bitch ain't fucking, then I tell her arrivederci  
'Cause I like my hoes nasty, yeah I like my girls slutty  
Take her to my room, I introduce her to my nutty buddy  
Excuse my French, I'm just trying to get a little cutty  
I'm the best to ever do it, don't tell me nothing else  
I am coming for the throne, I will take no less  
I'm a breath of fresh air but I'm still breathtaking  
I'm much more than a star, I'm a legend in the making
