(Verse 1)

Flipping on the track, you can call it acrobatics
Flow is electric, all these pussies catching static
Punchline King, no boxer though
But I'll put ya in a casket, yeah I box you hoe
Nigga, if you ain't heard I got lot's of dough
Nigga, if you ain't heard I got that monster flow
Go beast mode nigga, and I turn it up a notch
I'm the shit, piss nigga, you a miniscule blotch
One, two, three, here I come, I'm ready
Chopping up the scene like I'm motherfucking Freddy
Eastside nigga, you can call me Young Makaveli
And I stay strapped up like I came from Israeli
Tell them niggas, you need to get ya weight up
Before you fuck with me you niggas need to get ya
cake up
They said I wasn't good so I had to step my bars up
Like the Energizer Bunny I am charged up to the max
My flow stay sharper than a floor full of thumbtacks
I'm a star motherfucka, go and make a wish
Don't like me, here's my ass you can kiss
Mixing up that codeine, sipping on that lean
Promethazine fiend, yeah I do it too extreme

(Verse 2)

I wish I could fuck every girl in the world
If the world is a oyster I'ma fill 'em full of pearls
But am I gon' fall in love, hell nah, fuck that
Bitch you better fall back, I ain't never calling back
Crack addict flow, so I'm right back at it
Spit so sporadic, kill the track while I'm at it
Fuck you mean I ain't the best in the game
You must be missing I.Q. of the brain
You must've got the wrong impression 'cause I'm not
impressed
Bad yellow bone, I wear that ass out like a dress
Turn the heat up just like a supernova
Make you fade to black so you know it's all over
Got dreams of sitting high, riding in a Range Rover

(Verse 3)

Touch it, push it, systematic, bring it back, top
formatted
Fuck you niggas, I'm a savage
Bitches all on me like I'm a magnet
Okay, okay, niggas better know I don't play
Niggas wanna talk, then I let 'em talk
Then I take the chopper out and I let the dog bark
This was a warm up track, I'm having fun
With my nigga T and we smoking on that bubblegum
