Hahhh

Bound myself (Hahhh)
What we could have had (Hahhh)
Seems to help
Makes me sick

Hahhh x3

I miss you so much, damn
But I gotta be a man
I wanna call you up
Forget these girls up in my truck
It's easy to pretend
That this is who I am
Go out and get fucked up
Cause I don't wanna think too much

Well everyone changes
Some of them good some bad
We make our mistakes
And hope we can take them back
And we're all tryin to make you
Why can't you understand
That life is what happens
When you're making other plans
As I sit back stare
At the glass in my hand

I'm drinkin Jameson
By myself (About myself)
Thinkin about
What we coulda had (What we could have had)
Cause nothing else
Seems to help (Seems to help)
Everything (Everything)
Just makes me sad
(Everything)

You don't give a shhhhhh
I knew it all along
Thinkin if I fuck

That you could try to use me up
No matter who I'm with
I'm sitting all alone
A bottle and a cup
I'm callin everybody's bluff

Turnin these pages
On all of these stages of life
You know I can't fake it
As long as they're payin me right
As I sit back stare
At the glass in my hand

I'm drinkin Jameson
By myself (about myself)
Thinkin about
What we coulda had (What we could have had)
Cause nothing else
Seems to help (Seems to help)
Everything (Everything)
Just makes me sad

There's nothing wrong
With drinking alone
Don't feel like goin out
Just wanna stay home

There's nothing wrong
With drinking alone
Don't feel like goin out
Just wanna stay home
