I was confused
I couldn't seem to come through
I have a lot on my mind
and not enough time to think things through
and if only I could go
back in time to fix things with you
I would tell you how I really feel
about you

Cuz Ive fallen
I found out Im in love with you
its how I feel, even though we're through
im not over you
im not over you

I know your mad I know your sad
but can you listen now

why don't we give our love a chance
I know your mad I know your sad
but can you listen now
why don't we give our love a chance

cuz ive fallen
I found out im in love with you
that's how I feel even though we're through
im not over
ive fallen
I found out im in love with you
that's how I feel, even though we're through
im not over you
im not over you
im not over you
