you, say what you need to  
feel like you have the  
power to break my heart into pieces

crash, right into me  
just get through me  
and run away  
from all your mistakes and  
suddenly I can see  
finally things are clear

one last kiss  
before we fall apart  
before I break your heart  
cuz im moving on  
this was sweet while it lasted you and me  
but now its all gone  
and im moving on

don't, beg me to love you  
the way that I used to  
you had your chance and you blew it  
baby, you turned me down and  
tossed me around and

that's what you get in the end  
of things

suddenly I can see (I can see now)  
finally things are clear (things are clear)  
things are clear (things are, things are)

one last kiss before we fall apart  
before I break your heart  
cuz im moving on  
this was sweet while it lasted you and me  
but now its all gone  
and im moving on

one last kiss before we fall apart  
before I break your heart  
cuz im moving on

this was sweet while it lasted you and me  
but now its all gone  
and im moving on
