And I wanted to say
All of these things
While you're away
But I just don't know how
The words won't come out
So now I can't let you know

Why won't they flow like in conversation?
Why can't I say what's on my mind right at this time?
No, no, no, no

And you looking at me
With your big brown eyes
So patiently
But now I'm lost for words
Like a single blank canvas
I have no idea, no

All that I wanted to say was that
You and I are in always
Only I touch you like I love you
Like I love you

And I wanted to say
All of these things
While you're away
But I just don't know how
The words won't come out
So now I can't let you know
