When we walk along together  
Leave me anywhere you please  
And i know the way we get  
Make me weak at the ..  
I call and i am in trouble  
Cause you can make me feel better

But then always let me down (let me down)  
I just canâ€™t help i need you know  
You lost all your charm here so now

We will stay till the sun rise  
Just to see the morning glow  
The twinkle in your eye tells me  
everything i need to know

I call and i am in trouble  
Cause you can make me feel better

But then always let me down (let me down)  
I just canâ€™t help i need you know  
I hope you see ma tear roll down  
You lost all your charm somehow

I will tell you  
On the road to make it better
