I've laid here for so long
As days fade into night
Thinking of the ways we went wrong
But I know it's for the best
My mind keeps telling me
That I'm happy without you here

And it's a beautiful day without you
Without you here with me
Yeah it's a beautiful day without you But I'm
doing Alright

The times I watched the rain fall down
As I waited for your call
But the silence had grown so loud
I was it was something I did wrong
Now everything has changed
But my love for you lingers on

it's a beautiful day without you
Without you here with me
Yeah it's a beautiful day without you But I'm
doing alright

I've been here for so long
Since you been gone
Cause nothing is the same
What happened to our happy story
And I'll sing of the glory
Of us being apart
But life seems empty without you
All I want us to
Be together again
But I know being with you
Will never come true
So I tell my self that.

it's a beautiful day without you
Without you here with me
Yeah it's a beautiful day without you But I'm
doing alright
