Baby, you look so good
Honey, I knew you would
Please, don't go away
Darling, say it's okay

I want to make violent love
To you by the moon above
I want to make violent love to you
(I want to make violent love to you)

I want to kiss every night
To squeeze and to hold you tight, tight
I want to make violent love to you
(I want to make violent love)
I want to

I don't want to seem frantic
I don't want to cramp your style, oh no
You're driving me into a panic, yeah hey
You just wanna drive me, drive me
Drive me, drive me, drive me wild

I want to make violent love
I want to make violent love
I want to make violent love
I want to make violent love

I don't want to seem frantic
I don't want to cramp your style
You're driving me into a panic, yeah hey
You just wanna' drive me, drive me
Drive me, drive me, drive me wild
Ooh, hoo! Oh, baby, you drive me wild

I want to kiss every night
To squeeze and to hold you tight
I want to make violent love to you
(I want to make violent love)
Because I want to never loved you
(I want to make violent love)
I want to never love
(I want to make violent love)

I want to never love you
(I want to make violent love)
(I want to make violent love)
(I want to make violent love)
(I want to make violent love)
I want to make violent love to you
