Don't you know we got smart bombs?
It's a good thing that our bombs are clever
Don't you know that the smart bombs are so clever?
They only kill bad people now

Don't you know though our kids are dumb?
We got smart bombs, what a joyous thing now
Here we go so let's drink a toast
To those clever bombs, and the men who built them

There they go now, there go all my friends
There they go now marching off to war again
Smiling proudly with their heads in the clouds

Don't you know this is better than any video friend?
It's an action movie
Here we go watch the bad guys get their butts kicked
Really makes me feel good

Here we go watching CNN
The adrenaline rushes through my veins, now
Don't you know it's a feel good show, electronic bliss
It's a video, video

There they go now, there go all my friends
There they go now marching off to war again
With their bright flags waving in the wind
There they go now, marching off to war again
Smiling proudly with their heads in the clouds

Aren't you glad we got smart bombs?
It's a good thing that our bombs are clever
It's a shame that our kids are dumb
But our bombs are smart, what a lucky thing now!

Don't you know it's a feel good show and it's suitable
For the whole darn family?
Come on out everybody shout
Give a big salute to our ingenuity

Don't you know this is better than any video friend?
It's an action movie

Here we go, watch the bad guys get their butts kicked
And it makes me feel good

Don't you know it's Nintendo?
Really gets the blood flowing through my veins now
Don't you know it's a feel-good show?
Electronic bliss, it's a video, video

There they go now, there go all my friends
There they go now marching off to war again
With their bright flags waving in the wind
There they go now marching off to war again
Smiling proudly

There they go now, there go all my friends
There they go now marching off to war again
With their bright flags waving in the wind
There they go now marching off to war again
Smiling proudly with their heads in the clouds
See that smile now marching on in the light, yeah

There they go now, yeah
There they go now, yeah

There they go now, there go all my friends
There they go now marching off to war again
