I can't sleep at nighttime anymore  
The darkness doesn't put me to sleep  
Like it once did before  
Now I find myself lying in bed, wide awake  
Fighting with deciding which decision I should make  
I fear

Flashback to a scenario that's placid  
A cherished memory that I hold dear to me is blasted  
I'm stunned, wondering if this is real  
Wondering what the deal is  
I don't know how to feel

You lied, you lied, you lied to me  
You lied, you lied, you lied to me  
You lied, you lied, you lied to me  
You lied, you lied, how could you lie to me?

What's this? What's the sudden change?  
Will I remain or stay the same?

I can't sleep at nighttime anymore  
The darkness doesn't put me to sleep  
Like it once did before  
And now I find myself lying in bed, wide awake  
Fighting with deciding which decision I should make  
I fear that I might make the wrong choice, that I might fail  
And let somebody down who I hold higher than I hold myself  
My only goal is to please you (please you)

My only goal is to please you  
My only goal is to please you  
My only goal is to please you  
My only goal is to please you  
And I can't, I can't, I can't

I don't know what to do or what to think or where to turn  
I can't believe you would deceive me  
I can't believe the things I've learned,  
The fact that you'd say those things behind my back

How could you do that?  
I loved you more than anything, you knew that

You lied, you lied, you lied to me  
You lied, you lied, you lied to me  
You lied, you lied, you lied to me  
You lied, you lied, how could you lie to me?

What's this? What's the sudden change?  
Will I remain or stay the same?

I can't sleep at nighttime anymore  
The darkness doesn't put me to sleep  
Like it once did before  
And now I find myself lying in bed, wide awake  
Fighting with deciding which decision I should make  
I fear that I might make the wrong choice, that I might  
fail  
And let somebody down who I hold higher than I hold  
myself  
My only goal is to please you (please you)

My only goal is to please you  
My only goal is to please you  
My only goal is to please you  
My only goal is to please you  
And I can't, I can't, I can't
