(Verse 1)

Sitting by the window and see the time,
flying, passing by my side,
looking through the window and smiling wide,
recalling, memories of you and i,
think about the life, think about the future,
tears falling from my eyes,
think about our love, think about you,
tonight.

(Chorus)

Looking at the shadows passing by,
looking at your face your beautiful smile,
even though you're going i don't mind,
i'll be waiting for you no matter what,
hello, hello, hello, and this is my goodbye,
hello, hello, hello, this is my goodbye.

(Verse 2)

Crossing all calenders while counting times,
passing days while you were gone,
crossing all the bridges to the sky,
counting the stars above my eyes,
talk about the days, talk about the moments,
tears falling from your eyes,
talk about our dreams, talk about our promise,
tonight.

(Chorus)

Looking at the shadows passing by,
looking at your face your beautiful smile,
even though you're going i don't mind,
i'll be waiting for you no matter what,
hello, hello, hello, and this is my goodbye,
hello, hello, hello, this is my goodbye.

(Bridge)

Holding both our hands, make pinky promises,
you and i, me and you, tonight,
i'll be waiting for you no matter what,
today, tomorrow, forever.

(Chorus)

Looking at the shadows passing by,
looking at your face your beautiful smile,
even though you're going i don't mind,
i'll be waiting for you no matter what,
hello, hello, hello, and this is my goodbye,
hello, hello, hello, this is my goodbye.

this is my goodbye.
