You wouldn't believe the pain
That's tearing through my head
If you were in my place
Then you'd wish you were dead
Locked in a cage like a prison cell
Im living in a living hell
All around screams of fear
But they fall upon deaf ears

[Chorus:]

Why won't they leave me in peace?
Is death really my only release
No!
Tortured to death behind closed doors
Cries for help are just ignored
Set me free!
Please! If it were you instead of me
You'd screaming to be set free
Set us free!
Please! Animal liberation and human rights
It's one struggle - it's one fight
Set us free! Please!

[chorus]

And now they're coming back
To stick me on the rack
To put me through pain
They'll drive me insane
They put their profit before my pain
My suffering is their financial gain
And you know this ain't right
So show you care about my plight

[chorus]

Is death really the only release?

[chorus]

One, Two, Three, Four - Kick down that laboratory door
Five, Six, Seven, Eight - LIBERATE
