When two men kiss  
Walk hand in hand  
The fear of what  
You don't understand  
Explodes into violence  
Screams break the silence  
"The guy was a poof"  
"The guy was queer"  
Dehumanised  
And living in fear  
No, you're not thick  
And you say they're sick  
But the only sickness  
I can see  
Is the cancer of  
Your bigotry  
What kind of society do we live in where the simple act  
of showing love and affection towards another human  
being results in this kind of sickening murderous  
violence? Intolerance, bigotry and hate - I say it's time  
to stop.  
From nazi boneheads to Bad Brains - Warped attitudes  
that we must change and it's not just homofobia -  
Rampant sexism, macho dancing, beating of woman -  
All this is rife within the "scene" - often closer to home  
than we care to acknowledge. It's time to stop  
sweeping things under the carpet - Confront the  
problems - And act.
