One of a kind, that's what you were like
Pictures of you, still stay in my mind
So out of tune, the things that we did
But yet you are, still in love with him

I don't know why I stay
This game I cannot play
Gotta be strong today
The pain will fade away

Memories can't escape
My heart is still in pain
I cried for many days
But boy you know that I am

Strong...
Gotta Move On
You were so wrong
Gotta Move On

Now I've moved on
I have moved on
Cause I am strong
I have moved on

Boy, just like you, held in many things
I had to keep my true feelings
Because of you my heart was broken
And there I found you, lying with him

I don't know why I stay
This game I cannot play
Gotta be strong today
The pain will fade away

Memories can't escape
My heart is still in pain
I cried for many days
But boy you know that I am

Strong...

Gotta Move On
You were so wrong
Gotta Move On

Now I've moved on
I have moved on
Cause I am strong
I have moved on

It's time to break it down
I cannot stay around
Disaster in a room
That just explains us two

Boy I Gotta Move On
G-G-Gotta Move On
G-G-Gotta Move On
G-G-G-Gotta Move On

Strong...
Gotta Move On
You were so wrong
Gotta Move On

Now I've moved on
I have moved on
Cause I am strong
I have moved on

Yeah...
