[Verse 1]

Look inside my eyes  
I know you're watching  
Look at my demise  
You know you got me  
Feed me all your lies  
And I just soak it up, soak it up, soak it up, baby  
Thought that you were mine  
But you ain't down  
Ain't down

You have my love  
You have my heart  
You've got everything that tore us apart

This is why I never learn to trust correctly  
We both know you could never just forget me  
I'd love you if you ever really let me  
Would you let me?

[Hook]

Don't fuck with me  
Don't fuck with me  
Don't fuck with me  
Don't fuck with me  
Don't fuck with me

[Sample]

[Verse 2]

What a bunch of lies  
I see you, oh no no no  
But what if I, what if I  
Mislead you, too?  
Would that justify  
How you don't open up, open up, open up (baby)  
Cause what the fuck was mine  
Caused me to lose my fucking mind

You mistreat me, every lie was soaking  
Do you see me? am I by the ocean?  
Do you read me? is your pineal open?

Do you read me? just leave me

[Hook x2]

[Verse 3]

You're standing there  
With an empty look of envy  
You aint come prepared  
You don't have to see what's in me  
Girl, I'm one to care  
And I'm ridin' where the simps be  
I swear they tryna get me  
Woah  
Fuck you think this is?  
Look what you did to me  
You fucking piece of shit  
I'm everything that you pretend to be  
I thought that we were meant to be  
Now just
