

## Joint Aktion "Dead Or Alive"

Visit "[Dead Or Alive](#)" on MotoLyrics.com

I roam the streets at night, looking for a fight  
I want the city to burn, a lesson to be learned  
I'm wasted and confused, broken and abused  
Dad says it's a sign of the generation decline

We are the ones who refuse to align (and we will never  
fall in line)  
We are the ones " dead or alive  
We are the ones who refuse to align (we don't know  
how, when or why)  
We are the ones " dead or alive

I'm lazy and I'm bored, neglected and ignored  
Mom says it's alright, the future's looking  
bright  
Fuck authority, hate is burning in me  
Waiting to ignite, feel my rage tonight
