I arrive sometime late in the evening, my telephone
starts ringing
Weâ€™ ll see you at Lincoln later tonight
Iâ€™ m drunk like a fish and world seems so bright,
looking up at the Olympos lights
I just might get laid tonight

Iâ€™ ll forget about the world and all the shit Iâ€™ m in
My brain is numb and what has been has been
They canâ€™ t get to me, cause Iâ€™ m higher than a
kite
Right here, right now Iâ€™ m all right

I get on the tube and my head is spinning, in the
distance fists are swinging
The tensionâ€™ s building up on the red line
I step in the club and the musicâ€™ s pumping, time
stops and the place is jumping
Nothing can ever make me feel this good
