Another pissed and wasted night, donâ€™t got
nowhere to go
And my brain is swimming in a pool of the cheapest
alcohol
Roaming around and I canâ€™t go home cause Iâ€™m
still too fucking drunk
I stagger away with no where to go like a hopeless,
useless punk
I had too much to drink again and Iâ€™ll be wasted all
nightâ€¦all night

Iâ€™m wasted again

All the kids of the night they gather at the centre of the
square
Popping pills and tripping away, everyoneâ€™s beyond
repair
I just want to stimulate my under stimulated mind
Vodka drinks or Purple haze, whatever I can find
I just want to fuzz my brain and to have a good
timeâ€¦a good time

Iâ€™m wasted again and I donâ€™t care
Thatâ€™s how I deal with boredom and despair
I wanna do wrong before I do rightâ€¦tonight
