Try to catch me if you can  
Hide and seek without a plan  
Running straight through the door and then the glass  
hits the floor

Oh the blood paints me red  
Thinking I'm probably dead  
Need to call an ambulance, while I still have a chance

And I can see the light shining bright  
My life flash before me at the speed of light

So let's wait, wait and wait  
While I'm losing blood at this rate  
See a car passing by  
I tell him I don't want to die

This gypsy sure can drive  
We reach the hospital in five  
Take me to the emergency, stitch me up and set me  
free
