Everyone wants to be me, young and wild and free  
With my Converse and leather jacket, baseball cap and  
the whole package  
I've got it all, I'm the next international star  
It's not about integrity, I just want them to notice  
me

They all stand in line to take their chances  
They all wait to see who advances  
And we will surely know, when they reach another all  
time low  
At the dog and phony show

I've found my identity, in a fashion magazine  
Nothing's real but I don't mind, because all that  
matters is that I get to shine  
I want it all, to be my rise and fall  
And I don't care what they do to me, as long as I  
am on TV
