dope little boy uh
dope little boy uh
one, two, three, four

oh stay steady rocking
feel good flow with the halfpipe jones
baby watch me drop in
i think the key is to never feel locked in
just as long as you're comfy in the pocket
kids explore options
don't listen to the outside world it's obnoxious
they will cut your balls with no topspin
mentally and physically you need to stay clocked in

dope little boy boy
don't believe any of their lies
dope little boy boy
because they can barely sleep with themselves at night
dope little boy boy
never ever ever will they break your flow
dope little boy boy
just keep doing things from your soul

i ain't on the guestlist
cause i'm not a big deal
not so fresh prince
cause i got a stronger will
smith and west
keep banging on the let em feel
everything you do spread love so they grinning real
wide
look alive little boy cause you're up next
now that i'm making it, these girls sending dumb texts
i won't change
if ten thousand and change
scream my name at a show like i had a lot of rough sex
please excuse the nerdiness
i'm flirting with a lot of styles
exploring lanes
so insane at a hundred miles
i'm just a kid scruffy hair with a goofy smile
but i have developed tough skin

no crocodiles
in the process of dream chasing
i will make what i feel like making
hip hop to pop is two languages
but i'm somewhere in the middle so spanglish
and if you're not putting out a good vibe
stay the hell home because we're trying to have a good
time
they say hes got a climb
but he's been fine
because he feels good music in the air, wind chimes
just know that my patience wearing thin
cause from cockiness to retardation is a thin line
just know im in it for the win
i've been pushing real hard like i've been benching
incline
thrilla and the roots are stupid for this bass line
two thumbs up whoo great time

if anybody heard that random yup in the background
that was my boy, said he wanted to be on the track

oh ok, hold on a second
he just brought it to my attention that it was a yo, not a
yup
kids got the balls to say, yo chill chill chill, tell em it was
yo not a yup. yeah so now you know
