everyone's mad extra  
all the time  
i think we need more tracks like this  
this is something to relax to

Chorus X4  
something to relax to  
something something to relax to  
something to relax to  
something something to relax, relax-lax

indian style on top of a waterfall flow  
had my whole life in front of me  
watched it all go smoothly on top of the charts  
and then it dropped and my dream bubble popped  
seems life is always different when we open our eyes  
this song goes out to anybody tryna get by  
but it's constantly low  
so you gotta stay high  
if this can help you with your issues then i need you to  
vibe  
i, don't really care about the tough guy image  
i'm pretty sure a mother who expect but has given  
everything to her children  
three jobs just for living up  
so i dont really give a  
if i don't get mad women  
skaters to the gangsters  
punks to the preps  
everybodys got issues and for that i will rep  
don't usually spit but this is something i rap to  
ego at the door and this is something to relax to

Chorus X4  
something to relax to  
something something to relax to  
something to relax to  
something something to relax, relax-lax
