1, 2, 3 and here we go (X2)

beautiful mind, mind, mind  
yeah uh, yeah uh, facebook. jon bellion  
myspace dot com slash jon bellion

scattered thoughts is the name of this mixtape  
i'm jon bellion

sending this message into space with my ray gun  
hoping that important ears will hear this when the days  
done  
so far its been great fun  
you would swear i've been playing with myself  
cause i've been doing me since day one  
they use to swear that i would never have a smash hit  
now, i see those haters double take no ad-libs  
you want something average?  
please don't ask him  
cause what comes from his lips is crack, chapstick  
but i'm composing, i'm singing, mixing, and writing  
bars  
so i guess i make it easy to pick out my flaws  
cause when one things crazy, anothers subpar  
guess i gotta work tr-tr-triple times as hard  
the engineers will have my head if the mix is off  
rappers will be coming at my neck if the 16 is wrong  
singers keep telling me you got a bunch of vocal flaws  
but every single one is like, yo your talents raw

Chorus X2

whoa oh, i think i'm heading in the right direction  
i think i'm heading in the right direction, right direction  
whoa oh

first time you're listening to me, just pop the mixtape in  
or something  
this what i do. make feel good music. so, i guess don't  
expect anything more or less. i'll just make whatever i  
feel like making

so please don't try and save me

this is how my story ends  
this keeps me from going crazy  
so i'll be writing till my death  
i'm on my 3 am flow and i'm chilling with the lights flow  
this track to sexy might just call a friend and see where  
the night goes

Chorus X2

whoa oh, i think i'm heading in the right direction  
i think i'm heading in the right direction, right direction  
whoa oh

i have a twitter now. at jonathanbellion
