i took all your records
and i smashed them on the floor
then i came up with this melody
till' this bass line shook my floor
and after all the pain you've caused me
I'd say one thing's true
Oh this song, sounds like me, getting over you

Now if you with me stand up and just rock it
That imprint on my mind been replaced with this drunk
pocket
This is a public service announcement for those who've
fallen
That goes for anybody who gave it all with no profit
Now if you with me stand up and just rock it
That imprint on my mind been replaced with this drunk
pocket
This is a public service announcement for those who've
fallen
That goes for anybody who gave it all with no profit

i took all your records
and i smashed them on the floor
then i came up with this melody
till' this bass line shook my floor
and after all the pain you've caused me
I'd say one thing's true
Oh this song, sounds like me, getting over you

Go head and temper tantrum fits
I've built my bridge up over this
Like jersey shore I throw a fist
Cause i'm turning heartbreak into hits

Go ahead and
hit the reset button on the playback
I'm just amazed that
you can erase that
ASAP
out of your mind its like ajax
because you wipe me clean baby eight stacks
couldn't pay for this lesson learned

when i hit the dance floor heads will turn
turn to my bottle kissed because my drink looked a lot
better than your lips did

Now if you with me stand up and just rock it
That imprint on my mind been replaced with this drunk
pocket
This is a public service announcement for those who've
fallen
That goes for anybody who gave it all with no profit
Now if you with me stand up and just rock it
That imprint on my mind been replaced with this drunk
pocket
This is a public service announcement for those who've
fallen
That goes for anybody who gave it all with no profit
