You got to give the people, now  
Give the people what they want  
Well, well, well, well

No, don't know you  
You got to give the people  
Give the people what they want?

But I done been all over the world  
And everybody feels the same  
It's a unanimous decision  
I said they're ready for a change, yeah, yeah, yeah

Don't know you  
Got to give the people, give it up  
Give the people what they want?  
Well, well

No, don't know? You don't know, no  
Got to give the people  
Well, well  
Give the people what they want

Well, it's about time for things to get better  
We want the truth, the truth and no more lies  
We want freedom, justice and equality  
I want it for you and I want it for me

You, you, don't you?  
Got to give the people  
Give the people what they want

Don't you know that, don't you know you  
Got to give the people, give it up  
Give the people what they want?  
Yeah, yeah, yeah, oh, yeah

And you got to give the people  
Give it up  
Give the people what they want

You better

Don't ya know, don't ya know you  
Got to give the people, give it up  
Give the people what they want?

Don't you know that you just  
Give the people what, give the people what  
Give the people what  
Give 'em what they want?

You better, you better, you better  
Give the people what, give the people what  
Give the people what  
Give 'em what they want

Don't you know, don't you know ya  
Give the people what  
Give the people what  
Give the people what  
Give 'em what they want?

People want better education now  
People want better food to eat  
People want here better homing  
People need money, money

People need equality  
People need understanding  
People need freedom  
And gotta [Incomprehensible]

You, you, you, you, you better  
Give the people what  
Give the people what  
Give the people what  
Give 'em what they want

Don't you know you  
Give the people what  
Give the people what  
Give the people what  
Give 'em what they want?

[Incomprehensible]  
Give the people what  
Give the people what
