[Chorus]

We both got somethin  
We wanting  
Whose gonna get what they want  
I'm tryin give you thuggin and huggin  
But everything else is off  
You know about my paper  
And my nature  
Secod when it comes to dough  
You can make me look good and feel good  
And all of that's good for O  
Plus your going out your way going out your way to turn  
me on  
I got my mind on my money!  
Going out your way going out your way to turn me on  
I got on my mind

[1st Verse]

As soon as I walked through the door I knew you  
somethin  
I'm looking for a girl, the one that's already gotta  
somethin  
You know he doesn't have a face when he's tryin ta  
hustle  
See you in here tryin ta flex ya bubble  
Not ta bust ya bubble  
But girl I can make it trouble  
Be like burning candles having you chanting numba's  
Take you on the highest level and drop you off

[Chorus]

We both got somethin  
We wanting  
Whose gonna get what they want  
I'm tryin give you thuggin and huggin  
But everything else is off  
You know about my paper  
And my nature  
Secod when it comes ta dough (secod when it comes  
ta dough)  
You can make me look good and feel good

And all of that's good for O  
Plus your going out your way going out your way to turn  
me on  
Going out your way going out your way to turn me on  
(just because you like the way my rims is rimed up)  
Your going out your way going out your way to turn me  
on  
Going out your way going out your way to turn me on

[2nd Verse]

I'll tell you a lie and tell you I lied  
Just see a little fire in eyes  
No I don't really take it serious  
When you say that it's good for the both of us  
Beautiful far from lane  
And you gotta brain  
God forbid is I did bid would you change  
My last girl's a dime  
But it only one time  
And like a snitch I had to drop a dime

[Chorus]

We both got somethin  
We wanting  
Whose gonna get what they want  
I'm tryin give you thuggin and huggin  
But everything else is off  
You know about my paper  
And my nature  
Second when it comes ta dough (secod when it comes  
ta dough)  
You can make me look good and feel good  
And all of that's good for O  
Plus your going out your way going out your way to turn  
me on  
Going out your way going out your way to turn me on  
(Go ahead and do it girl yeah yeah)  
Your going out your way going out your way to turn me  
on  
Your not gonna be able ta leave me alone  
Turn me on  
Say your going  
Turn Me On

Second when it comes ta dough
