From the very start
You filled my heart
With joy and happiness
You bring to me your best

I love you so
And you've got to know
Stay by my side for always

You are the one
I can feel it deep down in my heart
You are the one
You're the only girl for me

Finally love is here
And knowing it's all sincere
With every breath I take
And knowing the love we make

'Cause I need your love
Just to see, just to see me through
I'll be your friend, always, till the end

You are the one
I can feel it deep down in my heart
You are the one
You're the only girl for me

You are the one
I don't think I ever need anybody but you girl
I can feel it deep down in my soul
You are the one
You're the only girl for me

I can feel it all over me
You are the one
You're the only one for me
You're the only girl for me

I don't want nobody
I don't need nobody
I don't want nobody but you

I don't want nobody
I don't need nobody
I don't want nobody but you

I can feel it deep down in my soul
You're the only girl for me
I can feel it deep down in my soul
