

## Jon Connor

### "Gonna Make It"

Visit "[Gonna Make It](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Some survive, some fell, it's just the way it goes  
This that negro spirit, you gotta slay your soul  
I'm the lyrical version of...  
The only difference is I pull a... Ferrari in the danger  
zone  
I'm some like god's finest art,  
His creating big beard upon my face will keep a...  
wrong  
They got me riding with the strap, no safety on  
But all we trying to do is make it, what you think we on  
Me an Jon Connor, we are rhyiming with no gimmicks  
This is pure spittage, and our lyrics are all honest  
Flow like oceans and rivers you niggas small palms  
Small timers, yeah I said I'm addressing all rhymers  
Holler, who want drama? We will blow up you niggas  
pots  
It's the beards we are the bombers, run along and tell  
your mama  
... go and warm Obama, we don't make it, we gonna  
take it  
You naked with the lamas  
I'm gonna make it, no one can stand in my...  
I'm gonna make it, I'm gonna hustle hard  
I'ma make this rap

It's Connor, who provoking him, they smoking, I'm  
doper than opium

Spitting that acid, letting them have it, yeah  
Real shit, it's being demanded  
Schooling you niggers I'm getting my masters  
Go get a past... murdering verses, they lay in the  
caskets  
Flow out this world, trying to catch them,  
Better get...  
Look, niggas can't see me, like they in the cheap seats  
Not even a sneak peek...  
Killing, every track at least 6 feet  
When I'm creative... taking my turn  
I'm on the road to success, and they taking the turn,  
look

I'm on my grind I been hustling like a motherfucker  
I drive a steak through the heart of all you  
bloodsuckers  
The day walker that mental game at the...  
And fuck her like miss parker and nothing can get me  
off her  
I'm feeling like none of these niggas can touch me  
Maybe it's poetic justice or maybe I'm just lucky  
But grind till you get it it's the ultimate lesson  
Went from being broke... trading verses with the  
legends  
You feel me?  
I'm gonna make it, make it, make it, make it.
