I am the best in the world at what I do
I am the best in the world at what I do!
I am the best in the world at what I do
I am the best in the world at what I do
I am the best in the world at what I do
I am the best in the world at what I do
We are the best in the world at what we do

They like you mad with... I'm on a mission in fact
If I wasn't black, I prolly wouldn't be listening to rap
Niggas lost, no direction, they missing the map
I hear they tracks I get more excited when I'm fixing the flat
The game fuck niggas, artist got a dick in they crack
See I'm the realest and I'll be damned if I sit in they lap
I make them disappear, but I got another trick in my hat
This shit I write, will slice rappers, will split them in half
Spit hit, melt niggas, only left is they bones
Body track, the shit is gonna be like the best ...alone
I'm the wrong one to tack, when I get in my zone
You do, you fucking yourself like having sex with your clone
Ain't a question I'm right, like I just couldn't be wrong
Y'all annoying that ex bitch that just couldn't move on
Ain't nobody out that can mess what I do on a song
Fly city ... next, who would have known, a fucking soldier

I'm a soldier, I never been to break, go ahead and test me
Let's see how much I can take, I'm a soldier
Go ahead and try to doubt me, think I'ma loose
Then y'all don't know nothing bout me, I'm a soldier
I'm a soldier, I never been to break, go ahead and test me
Let's see how much I can take, I'm a soldier
Go ahead and try to doubt me, think I'ma loose
Then y'all don't know nothing bout me, I'm a soldier

Know I ain't tripping it ain't that just gonna keep with the face...

That we live in an era where we got rappers that can't rap
And why would you get a ring and a box if you can't scratch?
So why would grab a mike and do this if you can't snap
They sell out the... we'll be painting they face black
What the fuck you been talking bout?
Niggas making me hate rap
When I get on the track it feel like I'm making them take left
The last of the real...guess I'm here embrace that
I guess the bullshit needed for me to rebail
And be dope as spit, crack I could legally sell
Run shit, niggas moving at the speed of a snail
Lock shit, with these bars got the key to the cell
This is, ... when they ringing the bell
Punch lines, every time they repedeatly...
my heart beats for this shit, y'all niggas need to be scared

I'm a soldier, I never been to break, go ahead and test me
Let's see how much I can take, I'm a soldier
Go ahead and try to doubt me, think I'ma loose
Then y'all don't know nothing bout me, I'm a soldier
I'm a soldier, I never been to break, go ahead and test me
Let's see how much I can take, I'm a soldier
Go ahead and try to doubt me, think I'ma loose
Then y'all don't know nothing bout me, I'm a soldier

I'm killing emcees, and beats, they ain't dying of old rage
I'm running them over, it's the result of my road rage
So many bars it's like I'm trapped in my own cage
One hundred percent, real shit when I'm on stage
You ...well I'm just too fast for your pace
You gonna get passed, and it's too bad, I just laugh in your face
Not ... and then they asking ... ways
The other half of your face, on the other half of the state
Ain't no gas in your tank, nigga you blastin with blanks
So imagine your faith when you're fin to clash with a tank
Gorilla grind, a squad, we the planet of apes
Take a stab at my spot like taking a stab to the face
Studio, no sleep, no other way I could put it
Eyes red, blood shot looking like crims and bullets
I know all these motherfuckers prolly hate what I'm on
Honestly, I don't give a shit, y'all can hate till I' gone

I'm a soldier, I never been to break, go ahead and test
me
Let's see how much I can take, I'm a soldier
Go ahead and try to doubt me, think I'ma loose
Then y'all don't know nothing bout me, I'm a soldier
I'm a soldier, I never been to break, go ahead and test
me
Let's see how much I can take, I'm a soldier
Go ahead and try to doubt me, think I'ma loose
Then y'all don't know nothing bout me, I'm a soldier.
