No one ever thought that this would happen.
Especially not to me.
No I'm not coming back and why would I?
So high, I can almost touch an airplane,
Look an eagle in his eye.
I know it seems insane but I feel like

I could fly and no, there ain't no turning back now.
I gotta make my way to you.
Still they stand there with their arms out.
I don't wanna be rescued.
No safety nets, no more regrets, I don't need a
parachute.

A moment of silence.

For the ones who lost it all.
For the ones too afraid to fall.
And I'm runnin runnin runnin,
Jumpin into your love.
And I'm fallin fallin fallin,
Yeah I'm fallin for us.
No one can talk me down, no one can talk me down.
No one can talk me down, I'm on the ledge of love.

I'm ready to jump in (jump jump)
I'm ready to jump in (jump jump)
So ready to (jump jump) off of this ledge of love.
I can see my whole life flash before me.
And baby you and I look like the perfect story.
I won't let this pass me by.
My friends may say (may say)
That I'm craz-ay. (crazy)
Why can't they see I'm right where I want to be.

And no, there ain't no turning back now.
I gotta make my way to you.
Still they stand there with their arms out.
I don't wanna be rescued.
No safety nets, no more regrets, I don't need a
parachute.

A moment of silence.

For the ones who lost it all.
For the ones too afraid to fall.
And I'm runnin runnin runnin,
Jumpin into your love.
And I'm fallin fallin fallin,
Yeah I'm fallin for us.
No one can talk me down, no one can talk me down.
No one can talk me down, I'm on the ledge of love.

I'm ready to jump in (jump jump)
I'm ready to jump in (jump jump)
So ready to (jump jump) off of this ledge of love.
For you.

I see it all. From here
I see everything.
From here.
I see the end of time.
You and I.
Girl, that's why!

And I'm runnin runnin runnin,
Jumpin into your love.
And I'm fallin fallin fallin,
Yeah I'm fallin for us.
No one can talk me down (no one), no one can talk me
down (no).
No one can talk me down, I'm on the ledge of love.

No one can talk me down (no), no one can talk me
down.
No one can talk me down, I'm on the ledge of love.

(jump jump jump) Don't leave me out here.
(jump jump jump)
(jump jump jump) Out on this ledge of love.
