I think alot, I pick and roll
Now IÂ'm in that coupe

Whip in hood just like da juice
Throwin up just like a gwaper
Used to average 28, now I average 36
Voices in my ear wassup the bricks, but all I hear is
sweep
I got 3 hoes in 3 different houses
I average above the bitch
Step on 30 rich, I done mine cost 30 needs
German lean eyes 1 7 got me hella high
It's all in the rich put 4 quarters bag tide that's all

Then roll wrists, I could buy some houses
Different name real, looking like a mountain
Water colour diamonds, looking like a fountain
Them white hour money, way taller than a tower
Watching the heat place, wouldn't write that to

Busting salty gas, blacks one hundred took for cali
