Back at it, craftmatic, all I know is mathematics
On the stove, cooking chicken, right ...gymnastic
Acrobatic, weight the world, like Houdini doing magic
Migo bring me kilos, so I bust them squares about the
plastic
Give in traffic, Im so traffic, known to make that shit
happy
Gotta use the razor, cut the chicken and some turkey
wrappin
After 15 years of trappin, know oj done start to rappin
Blowing 93 og from fred daddy something
Cali making daily swag, cause my pockets on the cesar
salad
Catch your girl then I splash her, fuck her like a jack of
diamonds
Lying in that 50, shawties lookin like they tap dancing
Splash the top water meet my quarter, now Im back at it

You my risk taker risk, when Im out here serving fish
Cook a brick, serve a brick, mix it with some remix
All these waves in my head, your girl got sea sick
Took her for some calamari, bitch dont order cheese
sticks
Million dollar nigga, but I stay up on some street shit
Hit a nigga lying if you looking for some cheap bricks
I got game, I got swag, I done sold all kind of bag
I done handle all kind of bricks, some were good, some
were bad
All about the bo game, cooking soda sound bad
28 do 35, making zip go take a bath
Break my shit to the ground, thats how I see all the
cash
Busting down my 50 bam, now I got them Michigan
On my corner, hot as ...i aint got shit to say
Go ahead and call my lawyer
Shout out to my jeweler, got me shining lookin like
some water
Shout out to my amigo, cause he just got them bricks
out the water.
