chorus:

well, you could be here one day, gone in a minute  
cause life is so short, but it's long as a minute!  
see i'm just living at the speed of light,  
i'm just living at the speed of light!  
and i will never waste a minute,  
i'm never giving up and i'm breaking every limit,  
cause i, cause i, i'm just living at the speed of light,  
i'm just living at the speed of light!

i was.. i ain't trapping... rerapping,  
my visionâ€¦  
speed like living,  
my house is like a building,  
then i'll be good coming from a â€¦  
shut out to my.. baby girl you raise a ticket,  
speed it to the light â€¦  
dodging at the article, just to get a million,  
young... i'm an ordinary human!  
..looking like a houseâ€¦

chorus:

well, you could be here one day, gone in a minute  
cause life is so short, but it's long as a minute!  
see i'm just living at the speed of light,  
i'm just living at the speed of light!  
and i will never waste a minute,  
i'm never giving up and i'm breaking every limit,  
cause i, cause i, i'm just living at the speed of light,  
i'm just living at the speed of light!

i never give up, i never waste a minute,  
my name oj da juiceman , i'm a walking talking chicken.  
one day you're here, maybe one day you're  
missing,â€¦  
my life â€¦i don't see no speed limit,  
..since a kid, terry said you might get it!  
terry! â€¦ and the rest see my vision,  
chop it â€¦called ticket!

red light, green light, run it through the limits,  
b.o.b and ju-man that's a couple of tickets.

life is so short, so you know we gotta give it!  
32 naughty bee that'sâ€¦

chorus:

well, you could be here one day, gone in a minute  
cause life is so short, but it's long as a minute!  
see i'm just living at the speed of light,  
i'm just living at the speed of light!  
and i will never waste a minute,  
i'm never giving up and i'm breaking every limit,  
cause i, cause i, i'm just living at the speed of light,  
i'm just living at the speed of light!

oh, life's good, still... hood,  
we shot eight time, but life is still being good!  
memorizeâ€¦, but i'ma keep it gee,  
speed â€¦limit while i'm racing through these streets!

no trying to tell me where i go,  
but still i go, that's how i go,  
and where i'm going i don't have to send a postcard!  
..composing notes like mozart,  
so i gotta kick the flow just like a coast guard!  
and if i said it then i mean it,  
..they try to hold me down, but i can't do this ..tonight!  
i'm just living at the speed of light,  
i'm just living at the speed of light!

chorus:

well, you could be here one day, gone in a minute  
cause life is so short, but it's long as a minute!  
see i'm just living at the speed of light,  
i'm just living at the speed of light!  
and i will never waste a minute,  
i'm never giving up and i'm breaking every limit,  
cause i, cause i, i'm just living at the speed of light,  
i'm just living at the speed of light!
