Baby let me do you all night
Make you feel right
You've had a long day babe
I know what you like,
What you like, what you like
I know what you like girl
What you like, what you like

Let me do you all night, make you feel right
You had a long day I know what you like
What you like, what you like
I know what you like, what you like
What you like, what you like, girl I know what you like

Chorus:
Baby let me do you all night
Make you feel right
You've had a long day babe
I know what you like,
What you like, what you like
I know what you like girl
What you like, what you like

I know what you like you can ride my bike
It's inside me baby I can get you right
Call em high wheel baby I can get you high
You had a long day baby count... day all the night
Let me hit you all night like the...
Don't you feel so good makes you feel so right
I know what you like I'ma probably going...
Make her dick her good baby call me mister right

2 x Chorus:
Baby let me do you all night
Make you feel right
You've had a long day babe
I know what you like,
What you like, what you like
I know what you like girl
What you like, what you like

I've been chillin at the crib waiting on you baby
... to come home girl I'm so ready
Slow... candles... I got something for you, you you
Baby working hard let me take your shoes off
... back let me do... never did
Girl I'm your man I got your back
Come on let me hold you

[Chorus:]
