

Joseph Pfeifer "Around The Bend"

Visit "[Around The Bend](#)" on MotoLyrics.com

There's a part of me that's worried and part of that's
scared
Cause I don't know what's coming,
No I don't know what's coming Ahead
As far as I can tell it seems that things are only getting
worse
There's talks of nuclear blast and disasters

Pre-chorus

I'm no preacher and I'm no saint
But I heard a preaching man once say

Chorus

There's a change that's coming
And It's coming around the bend
Men that die will be risen from the dead
There's a change that's coming
And It's coming around the bend
Listen for the sound
Oh listen for the trumpet

There's folks waging wars and rumors of world war
three
There's earthquakes, pestilence, famines and disease
This kinda got me thinking kinda sowers me up real
quick
Cause last time I checked men were real close to the
end
Last time I checked men were real close to the end

Pre-chorus

I'm no preacher and I'm no saint
But I heard a preaching man once say

Chorus

There's a change that's coming
And It's coming around the bend
Men that die will be risen from the dead
There's a change that's coming
And It's coming around the bend
Listen for the sound
Oh listen for the trumpet

Oooooh uah uah ohhh
ooh ooh oooh ooh ooh

Pre-chorus

I'm no preacher and I'm no saint
But I heard a preaching man once say

Chorus

There's a change that's coming
And It's coming around the bend
Men that die will be risen from the dead
There's a change that's coming
And It's coming around the bend
Listen for the sound
Oh listen for the trumpet

Listen for the Sound ///
Listen for the Sound ///

(There's a change that's coming (Heard in
Background)
And Its coming around the bend
Listen for the sound
Oh listen for the trumpet)

Listen for the sound
Oh listen for the trumpet///
