That just straps up your heart.
And youâ€™re back to the start again.

She wanted my heart,
Wanted my soul,
Wanted that loving
But I ainâ€™t tryna hold on to her heart
To see it fall.
Girlâ€™s holding on to the thought so tight
Holding on for her life
I just might have to give it to her,
For one loving night.
She whispers so sad
Said to my ear â€œI love Somoâ€
I said â€œyou just wanna get in my pants,
Cause Iâ€™m â€™bout to get that doughâ€
She says â€œI like it bestâ€
I say â€œwhy you gotta rid my guessâ€
Next thing I know ,
Iâ€™m standing in my front door tryna stop my hands

I just wanna take your picture
Go head stand there in the door
Letâ€™s get naughty, letâ€™s get naughty
Take your body to the floor
Tut that thing and make it drop
Come over and show me more
Let me stop you, Iâ€™ll keep going
Till youâ€™re screaming and youâ€™re soar

And we live for that rush.
And we rush for that love.
And we love for that one
That just straps up your heart.
And youâ€™re back to the start again
That just straps up your heart.
And youâ€™re back to the start

Sheâ€™s dripping to the core
Says to me â€œcan I explore
Your body, feeling exotic
And I just need a little tourâ€

We start off just by touching
Then we go on to rubbing
She says "m on top"
When you ride
I say "uh-uh, mma get that loving"
I thought you could take it best
Yeah, you like it when I slap your ass
Take it all, mma go deep
Looking so sweet, one night to make it last
She's close, m about to wrap
She can't open up her eyes
m driving deep and her body's so weak
And I can't let go inside

I just wanna take your picture
Go head stand there in the door
Let's get naughty, let's get naughty
Take your body to the floor
Tou that thing and make it drop
Come over and show me more
Let me stop you, I'll keep going
Till you're screaming and you're soar

And we live for that rush.
And we rush for that love.
And we love for that one
That just straps up your heart.
And you're back to the start again
And she prays for the love
But I stay and rerun
Sends a wish on a star
Now just wraps up her heart
We would try from the start

So we live for that rush.
And we rush for that love.
And we love for that one
That just straps up your heart.
And you're back to the start again
Why can't we just hold on to one, one, one, one,
one!
