Girl  
you've got a way  
of brightening up  
all of my days  
Its cold  
without you here  
my mind was cloudy  
but baby you make it clear.

Cause we don't need a plan  
So come on and take my hand

Cause baby its you and I  
and thats all we need  
Cause you can pack your bags  
and run away with me  
Cause we'll rip off the rearview  
and leave it all behind  
It'll all be fine  
Cause baby its you and I

Now I know  
That you're worried  
about  
whats next  
don't fret  
about tomorrow  
just focus  
on today instead

Cause we don't need a plan  
So come on and take my hand

Cause baby its you and I  
and thats all we need  
Cause you can pack your bags  
and run away with me  
Cause we'll rip off the rearview  
and leave it all behind  
It'll all be fine  
its you and I

We'll run away girl just you and me  
ain't nothin we won't do ain't nothin we won't see  
Jump in my car girl we'll find a place  
All of your troubles well they'll all be erased

Cause baby its you and I  
and thats all we need  
Cause you can pack your bags  
and run away with me  
Cause we'll rip off the rearview  
and leave it all behind  
It'll all be fine  
Cause baby its you and I

Baby its you and I  
Baby its you and I  
Baby its you and I  
you and I  
Baby its you and I  
Baby its you and I
