I've been waking up to silence every morning
And walking corridors you left behind
Waiting for your words to ring around these walls again
But there's only shadows where you used to lie
I'm forever tryna turn the pages over
And fight this losing battle on my own
Tryna just get through my day without the thought of
you
All it's written on my face I can't let go
Just when I think I'm going stronger
The stitching starts to fray
I'm losing my defenses breaking every rule I've made
To the memory of you rises, to the surface once again
And I feel the ground beneath me giving wing
But oh, it's the highlight of my day
Oh, it's the highlight of my day
Oh, it's the highlight of my day

As I make me weary walk on through the city
The buses and the cars look just the same
The beggars and the leavers pay on high misguided
soul
And all the wildest emptiness remains
And the streets are all so crowded as I get pushed
from left to right
I swear I saw you pass me in the corner of my eye
And suddenly your memories, all I'm seeing in this
place
And though my heart is crippled with the pain
Oh, it's the highlight of my day
Oh, it's the highlight of my day
Oh, it's the highlight of my day,
Whoa, yeah, yeah, yeah,
Oh the streets are all so crowded as I get pushed from
left to right
I swear I saw you pass me in the corner of my eye
And suddenly your memories, all I'm seeing in this
place
And though my heart is crippled with the pain
Oh, it's the highlight of my day
Oh, it's the highlight of my day

Oh, it's the highlight of my day.
