I need to get my head straight,
I need to sort this out,
You say you shout because you care for me,
But i'm getting tired of the sound

And You've made it impossible,
Again and again and again
Again and again and again

What can we do to solve this problem?
And stop us growing further apart, oohh
I say its too late, so we reminisce about the feelings,
That we had when we were kissing,
But its just the feeling of not being lonely that we're
missing

And you've made it impossible,
Again and again and again,
Again and again and again

Yeah you've made it impossible,
Now we cant even be friends,
We cant even be friends

And I wanna Pray for us,
But Im not sure if i should,
Cos yesterday i prayed for rain,
And now i'm scared for the flood

Now our paths are written,
And so let them unfold,
Everything happens for a reason,
A wise tale once told,
So Let Go

So Let Go,
oohhh
So Let Go,
So Let Go, So Let Go

And I wanna Pray for us,
(Baby I wanna pray)

But Im not sure if i should,
(yeahh)
Cos yesterday i prayed for rain,
(I prayed)
And now i'm scared for the flood
(We are scared)

Now our paths are written,
(ohhh)
And so let them unfold,
(I've let them unfold)
Everything happens for a reason,
(I said it told me)
A wise tale once told,
So Let Go

Now I wanna pray for us,
And i'm not sure if i should,
Everything happens for a reason,
A wise tale once told,
So Let go.
