"Up Against The Wall"

Visit "[Up Against The Wall](#)" on MotoLyrics.com

Shorty whatâ€™s good
Girl whatâ€™s happeninâ€™
Feelin your team
I can see that youâ€™re the captain
Baby, what you drinkin
Let me buy your round
Tell me what it is
Baby Holla at me now
She said she new in town
Just moved down
Tryinâ€™ to find a man that can show a girl around
Baby girl I got you
What you wanna do
One on one or
We can kick it with the crew

Damn you lookin good
Man, shorty so fly
If I pull you on the dance floor
Baby donâ€™t be acting shy
Girl I love the way you move
And Iâ€™m feelin the way you grind
How about I pull you a little closer
And grab your waist from behind
She backin me up slowly
Putting it on me like she know me
You say you be the baddest
Baby come ova and show me
She got me up against the wall (x4)
Ooo we up against the wall
She got me up against the wall (x2)
She got me up against the wall
Im tryin to take you home
Get you all alone
Key in your ignition
Imma try to turn you on
Shots of patron, got me in the zone
Shawty so bad, that I wish she had a clone
Tryin to hear you moan
6 in the morn
I could be your king
Baby climb up on the throne

Im full grown
Skip all the playing
Whisper in my ear shawty then you hear me sayin'€
Damn you lookin good
Man, shorty so fly
If I pull you on the dance floor
Baby don'™ t be acting shy
Girl I love the way you move
And I'™ m feelin the way you grind
How about I pull you a little closer
And grab your waist from behind
She backin me up slowly
Putting it on me like she know me
You say you be the baddest
Baby come ova and show me
She got me up against the wall (x4)
Ooo up against the wall
She got me up against the wall (x2)
She got me up against the'up against the wall
Then we go hard
Then we won'™ t stop
You be on patron
I be on ciroc
Let me work the middle baby show me what you got
Let me let me work the middle baby show me what you
got
(x3)
