Come on join the party
(Esta es Leticia, Juan Magan)
feel my body
(desde Madrid, España
representando Electro Latino)
Come with me
(haha nosotros jugamos en otra liga)
can't you see
(come on cutie)
Join the party my boy oh oh
feel my body so close, follow the beat of love
come with me would you be my sailor
baby can't you see, we could sail the ocean
in my boat.
I have the feeling I am in love with you
like I never was in my life
I wanna kiss you and hold you tight
don't you pretend you don't love me tonight
I wan't you so badly, my love

Señorita oh, I got to know you
tan bonita oh, yo quiero ser tu novio
Come and join the party my boy oh oh
feel my body so close, follow the beat of love
come with me would you be my sailor
baby can't you see, we could sail the ocean
in my boat
Salt in my skin summer in my heart
don't need no more I just want in me
boy we can try freely in the sky
or swim like dolphins swim across the sea

I wan't you so badly, my love
Come and join the party my girl oh oh oh oh
body so close, follow the beat of love
come with me, nah nah nah
can't you see,
Come and join the party
Come and join the party my boy oh oh
feel my body so close, follow the beat of love
come with me would you be my sailor
baby can't you see, we could sail the ocean

in my boat
Ocean the globe and the seas
a little make my heart is so free
frozen I got it though so the..
now would you be the one, one, one
my name is one and here is my plan
so port to Miami have some plan and have some fun
