You'll never get that taste, out of your mouth
You'll never get the paw prints out of the hen house,
now
But you can't go back the way you came
Round all the pieces up, but they just don't fit the same

White knuckles
Maybe its not so bad
So let your hair down now

White knuckles
Yeah maybe it's not so bad
Oh, go ahead and let it down

So come and let it all out, let it bleed
Did you get what you want?
Did you get what you need?

Behind the lines, behind the walls
Tell me what's the bet you made, was it that bad after
all?

White knuckles
Yeah maybe its not so bad
So let your hair down now

White knuckles
Oh, maybe it's not so bad

Just let it all come down now

So just how far is far is far enough?
Everybody needs to sleep at night
Everybody needs a crush

But couldn't good, be good enough?
Cause nothin' ever doesn't change
But nothin' changes much

Yeah maybe it's not so bad
So let your hair down now
White knuckles

Oh, maybe it's not so bad
Just let it all come down now

Yeah maybe it's not so bad
Just let your hair down now

Oh, maybe it's not so bad
Just let it all come down
