The story is different now the records are playing in the living room  
And you might say you're wounded, and I might say  
I'm hurt but we knew the difference then between the fire and the earth  
And we may say we're broken, we may say we're weak,  
But we knew before we started oh the secrets we would keep

And it's all ok, cause love will find a way to be what love is  
And it's all ok cause love will find a way to be what love is

I'll move to the country, and live inside the deepest, darkest woods  
And I'll write you a letter and tell you all of the things I should say to your face  
And I won't send it to you, I'll send it to your mother's place  
And she won't give it to you, that's how brave I'll grow here in my cave

And it's all ok cause love will find a way to be what love is  
And it's all ok cause love will find a way to be what love is

And you'll move to the city, marry a pretty girl  
And she will make you smile all the while you'll be looking for what you left behind  
And she will bring you children and oh how you will love them with that heart of yours  
I won't visit you I'll know by then the kinder thing to do

Oh it's all ok cause love will find a way to be where love is  
And it's all ok cause love will find a way to be what love is  
And it's all ok cause love will find a way to be what love is  
And it's all ok cause love will find a way to be what love is

The story is different now the records are playing in the living room.
