[Dima Bilan:]

I close my eyes
Still I can see you clearly
And it burns me up inside hey

[Julia Volkova:]

Another night
I miss you here beside me
Try to figure out my life

[Dima Bilan:]

Oh I made the way too long
And now she's moving all alone
She said she was heading

[Chorus:]

[Julia Volkova:]

Back to her future
Throwing the hands up
We were going away

[Dima Bilan:]

She said she would not be soon there
I thought I would chase her
She don't feel the same

[Together:]

And if I don't make a move
I'm sure gonna lose the biggest part of me
So whatever it takes I'm gonna find a way
To get back in her future

[Julia Volkova:]

Deep inside
I try to find the reason why
I couldn't give the strength you needed

[Dima Bilan:]

Reaching out
What are the pieces missing out
Could I let it slip away
Oh I made the way too long
And now she's moving all alone
She said she was heading

[Chorus:]

[Julia Volkova:]

Back to her future
Throwing the hands up
We were going away

[Dima Bilan:]

She said she would not be soon there
I thought I would chase her
She don't feel the same

[Together:]

And if I don't make a move
I'm sure gonna lose the biggest part of me
So whatever it takes I'm gonna find a way
To get back in her future

[Dima Bilan:]

All in all I can't blame her

[Julia Volkova:]

For calling it quits
Should have been more attentive

[Dima Bilan:]

To her every need
She said she was heading

[Chorus:]

[Julia Volkova:]

Back to her future
Throwing the hands up
We were going away

[Dima Bilan:]

She said she would not be soon there
I thought I would chase her
She don't feel the same

[Together:]

And if I don't make a move
I'm sure gonna lose the biggest part of me
So whatever it takes I'm gonna find a way
To get back in her future
