I feel it in my bones
You've never seen me lose, losing my control like this before
I've taken all I can, you never understand
I won't let you steal my life anymore
I'm taking it back, it's about time
Sooner or later in your eyes
How could I believe all the secrets and lies?

So go, walk away
The only thing you ever gave me was a broken heart
Get out of my way
I know I deserve much better from this life
And if I stay I might do something I know I'll regret
Take back everything I said in rage

I give you my respect, I give you honesty, why do you have to take that one way street?
And after all that's done, and after all that's said I'm always gonna be one step ahead
So I'm moving on, to get what I need
Somebody who can keep what they give
Relinquish my dreams, and all the memories

So go, walk away
The only thing you ever gave me was a broken heart
Get out of my way
I know I deserve much better from this life
And if I stay I might do something I know I'll regret
Take back everything I said in rage

All the memories, all the good times mean nothing to me now
By the time you realize you're wrong, I'll be gone

So go, walk away
The only thing you ever gave me was a broken heart
Get out of my way
I know I deserve much better from this life
And if I stay I might do something I know I'll regret

Take back everything I said in rage
